

AG3210-

Technical data:

- **Function:** Monostable electric control N.C. 3/2 for vacuum
- **Size:** G1/4"
- **Fluid:** Filtered air 50µm without lubrication; the lubrication, if used, must be continued
- **Working pressure:** Vacuum 150/755mm HG
- **Ambient temperature:** -20 ÷ 50°C
- **Fluid temperature:** +50°C max
- **Dynamic seals:** polyurethane
- **Static seals:** NBR
- **Nominal diameter:** 4mm
- **Pump:** 8 m³/h

Voltage code

Code	E1	E2	E3	E4	E5	E7
Voltage	24 VDC	220 VAC	24 VAC	110 VAC	48 VAC	12 VCC

SEZIONE A-A
